Euroseas Profile: Continuing a shipping tradition of over 140 years

Euroseas Ltd. was formed on May 5, 2005, under the laws of the Republic of the Marshall Islands to consolidate the ship owning interests of the Pittas family of Athens, Greece, which has been in the shipping business over the past 140 years. Euroseas trades on the NASDAQ Capital Market under the ticker ESEA. Euroseas operates in the container shipping market. Euroseas' operations are managed by Eurobulk Ltd., an ISO 9001:2008 and ISO 14001:2004 certified affiliated ship management company, which is responsible for the day-to-day commercial and technical management and operations of the vessels. The Company has a fleet of 21 vessels, including 15 Feeder containerships and 6 Intermediate containerships. Euroseas 21 containerships have a cargo capacity of 61,144 teu. After the delivery of twelve containership newbuilding containerships gradually from the third quarter of 2027 until the first quarter of 2029, Euroseas' fleet will consist of 33 vessels with a total carrying capacity of 97,396 teu.

Business Strategy

Euroseas' business strategy is focused on providing consistent shareholder returns by carefully selecting the timing and the structure of its investments in containership vessels and by reliably, safely and competitively operating the vessels owned, through its affiliate, Eurobulk. Representing a continuous ship owning and management history that dates back to the 19th century, Euroseas believes that one of its advantages in the industry is its ability to select and safely and economically operate vessels of any age. Euroseas continuously evaluates sale-and-purchase opportunities, as well as long-term employment opportunities for its vessels. Euroseas plans to expand its fleet to increase its revenues and make its containership fleet more cost efficient and more attractive to its customers.

Investment

Employment & Operations

Invest in containerships Select segments with lower supply-side growth & flexible trading	Employment of a mix of profitable time charters and use of spot market - Secure time charters when rates can provide profits - Use the spot market and short duration charters when the rates are low
Maximize cash flow and earnings per dollar invested Evaluate all projects on their own merits plus effect on fleet	Our vessels run efficiently and economically Long experience in managing vessels of any age
Take advantage of the cyclical nature of the market Buy and sell vessels at the right time	Use moderate level of leverage Smooth outmarket cycles

Matters discussed in this Corporate Factsheet may constitute forward-looking statements. Forward-looking statements reflect our current views with respect to future events and financial performance and may include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts. The forward-looking statements herein are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in our records and other data available from third parties. Although Euroseas Ltd. believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, Euroseas Ltd. cannot assure you that it will achieve or accomplish these expectations, beliefs, or projections. Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions, including changes in charter hire rates and vessel values, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled drydocking, changes in Euroseas Ltd. operating expenses, including bunker prices, dry-docking and insurance costs, or actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists. Risks and uncertainties are further described in reports filed by Euroseas Ltd. with the US Securities and Exchange Commission.
